### The High Line

Just across from the High Line Park in Chelsea's thriving Gallery District the décor is "Collegiate Gothic". Rooms, suites and public spaces are furnished with Victorian and Edwardian antiques and artifacts sourced from East Coast warehouses and flea markets.

Expect Tiffany-style lamps and rewired 1920's dial telephones, and a great collection of plush Oriental carpets. All rooms have handsome hardwood floors and locally sourced furnishings. The king room and the suite are the most spacious, the latter coming with a decorative fireplace, a collection of classic books, and a spacious en-suite bathroom stocked with CO Bigelow amenities.
