The High Line Hotel

New York, New York

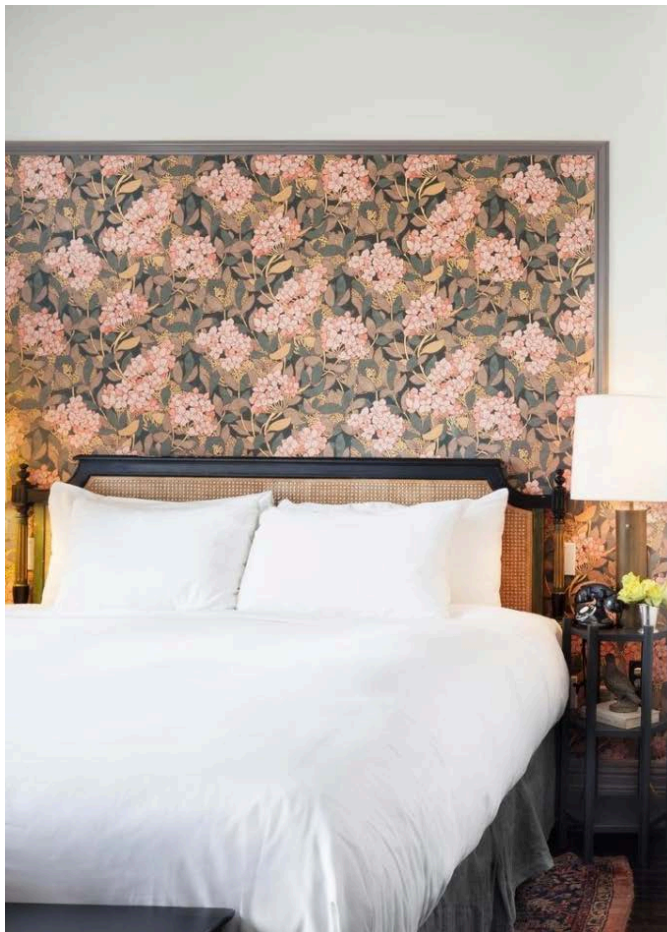

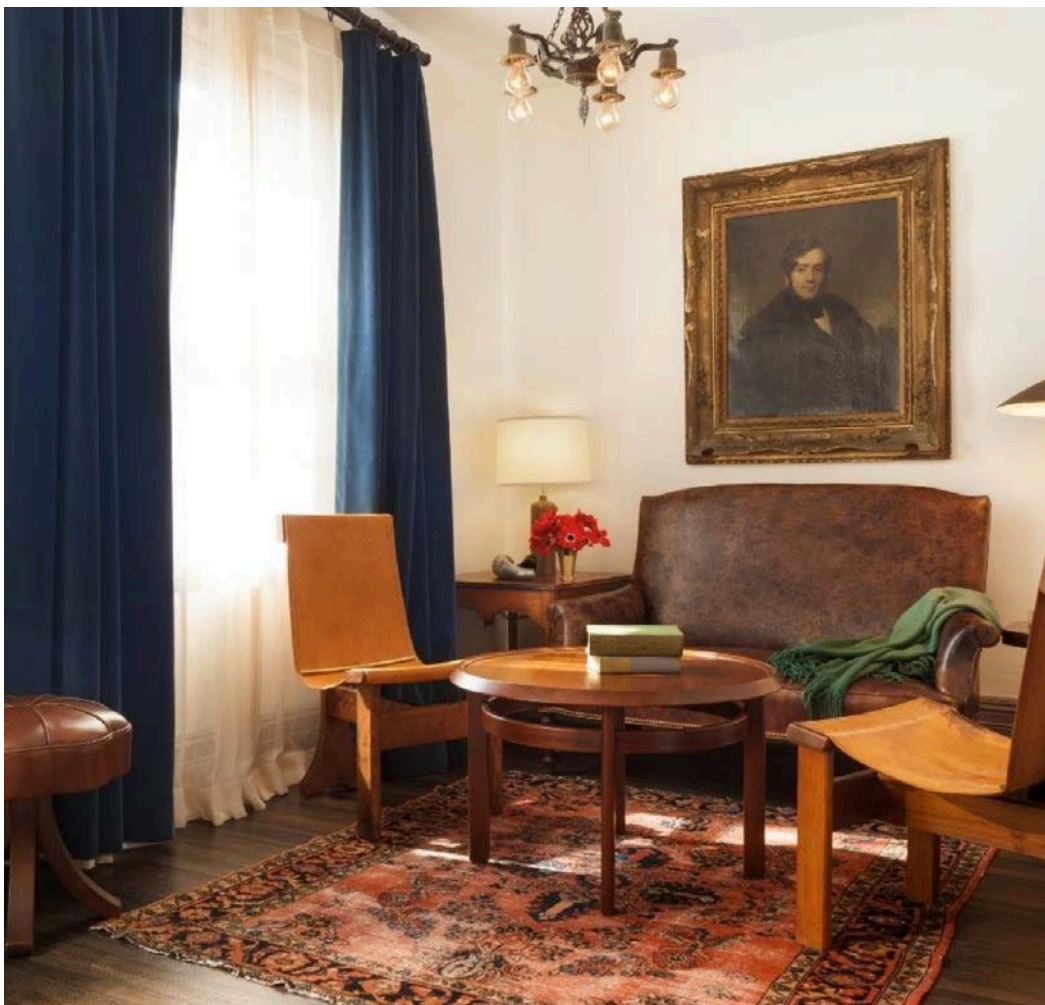

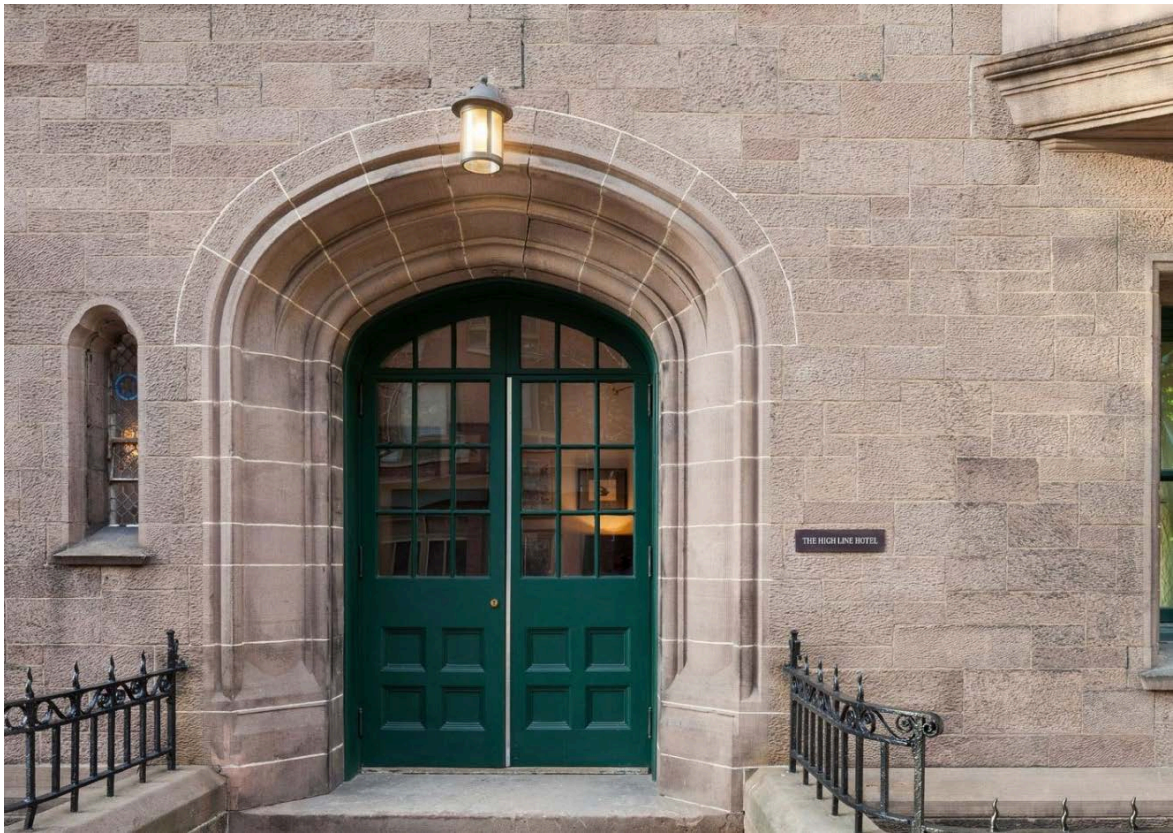

Each of The High Line Hotel's 60 rooms evoke a bygone era of a graciously decorated guesthouse. As our guest you'll enjoy staying in our light-filled rooms featuring beautiful hardwood floors and one-of-a-kind locally sourced furniture. Oversized beds with crisp cotton linens provide a perfect night's sleep, and plush robes invite you to relax after a long day. All rooms feature large windows offering dazzling views of the High Line Park or our enclosed private-garden oasis. Guests are encouraged to enjoy a perfectly brewed espresso prepared by our Intelligentsia Coffee & Tea baristas in the lobby. Sip your espresso at the bar, get your latte to go, or take your freshly brewed pour over coffee to the back courtyard for a moment to yourself. In the evening, grab a glass of wine and enjoy a beautiful night under the stars in our Parisian inspired garden.
